

Recommend a Friend Thank You from Sugar NLP

Since beginning Sugar NLP we have been very grateful to friends and course participants who have recommended us to their friends and colleagues (and sometimes even total strangers).

In fact, the majority of our bookings are either from people who have trained with us or direct recommendations from someone who has trained with us.

Neal and Ben would like to say Thank You

So, from now we are offering a Thank You Discount to anyone who makes a recommendation that leads to someone booking a Certification course. Plus remember this is in addition to any other offers we may have from time to time.

Get a **10% discount** on any further course of your choice by recommending someone onto one of the following Certification courses:

**NLP Practitioner,
NLP Coach Practitioner,
Ericksonian Hypnotherapy,
NLP Master Practitioner**

For each person who says they were recommended by you (at the time of booking one of the courses above) you can claim a 10% discount on any future course of your choice.

Recommend 2 people = 20% off
Recommend 5 people = 50% off
Recommend 10 people = 100% off - **FREE** course

Claiming Your Discount

1. Recommend a Friend

When booking the Certification course a person must state they were recommended by you on their booking form or online booking.

2. Claim your Discount

When booking your discounted training you must include with your booking form each person you recommended and the date of the course they booked.

3. Sit back and Enjoy

Once we've processed your application you'll be able to enjoy the training of your choice at the discount you've earned (or even totally FREE).

Recommend a Friend Discount – Complete and return with your booking form to claim your discount
